RETROSPECT 1991

IN SPECIAL RECOGNITION TO ...

Mrs. Dawn Colwell for sprinkling her lectures with wit and wisdom, as she transformed Room 225 into a world filled with the sounds of Shakespeare, James Joyce and Dylan Thomas. Her students returned the favor, increasing the beauty of her world with the love of learning and language that they took away with them.

Kim Armstrong for her spirit and courage and to her brother Dave for his compassionate support.

Cheryl Olson for always sharing a friendly smile and an unforgettable friendship to all who knew her.

Chad Webb for giving us his friendship and filling our lives with laughter.

Bill McGough for his strength, determination, and his will to succeed.

Mr. Daley and Mrs. Lozzi, our great advisers, for helping us make these past four years the best they could have been.

Our Parents for all their love and support over the years. We could not have made it without you.

An Art

i love to dream-
to imagine things
that may or may not
ever happen.
to fantasize
beyond reality
about things that seem
virtually impossible.
to paint a picture of my life
with vivid colors
or black and white,
an absence of color.
i love to dream-
just to think.

SPECIAL EVENTS

FRESHMAN SENIOR BANQUET

September 27, 1990

Traditionally, the Senior class holds an annual banquet for the Freshman class. The students chat over dinner and are then paired off and divided into groups for the evenings activities. After reciting one another's names, untangling jumbled limbs, exchanging fruit, and revealing deep dark secrets, the gap between the 9th and 12th graders diminishes. It's a night of friendly mingling that starts the freshmen off on an encouraging note.

October 17, 1990

On the second Anniversary of SEAC-the Student Environmental Awareness Club- both SEAC and the Student Council co-sponsored a Variety Show. Many acts were performed in many different styles. Everything from Motown to Reggae to Rap. No matter how good anyone else was, Mr. Boneparte's energetic Joe Cocker medley blew the crowd out of the water!

JUNIOR-SENIOR POWDER PUFF GAME & BONFIRE

NOV. 20, 1990

Two traditions which had been long forgotten were reintroduced to the students of Whitman-Hanson this fall. The Junior girls took a beating from the seniors in a battle of brawn on the gridiron. The class of 92' did have a small taste of victory however, for the longest spirit links at the bonfire following the game. Both events added to the week's excitement.

THANKSGIVING RALLY

Due to the Panther Football Team's successful, undefeated season, the Thanksgiving Rally was high-spirited with contributions and support from the band, majorettes, cheerleaders, and members of the Senior Skit. Also included in the rally was the selection of Miss Touchdown and her court, consisting of the six girls who best represent the junior class in spirit and support.

JUNIOR-SENIOR SEMI FORMAL

December 1, 1990

When we entered the newly transformed cafeteria, all the tiring activities of the day were long forgotten as we looked forward to an evening of good times with good friends. Everyone looked great as they walked in. Mr. Daley and his camera documented the evening on videotape as Adam and Keith ran the music and everyone danced the night away. All things considered it was a night to remember.

In the spirit of the season, the Seniors gathered to share in the joy of the holidays. CLASS HISTORY

"Now, we are Seniors,"
We have four years behind us.
Four years of fun,
Our memories to bind us.

From two separate towns,
We weren't even acquainted.
But we came together
And the future was painted.

Freshman year,
We look back and reflect.
Gregg, Joe, Deb and Chris,
Were our first years elect.

Fund raisers galore,
M & Ms and magazines too.
Daley said sell them, or ...
"I will beat you black & blue!"

The Freshman Senior Banquet,
With our backs to the wall.
Chosen one by one,
We felt so very small.

We realize we're just Freshmen,
But we knew we were the best.
Just give us a little time,
To prove it to the rest.

Hall Decorating was next in line,
We gave it the Freshman try.
With panther paws and balloons,
We thought it would really fly.

With our trip to Rocky Point,
We finished off the year.
We got soaked on the Flume, but
The "coaster" was our biggest fear.

Then we became Sophomores,
We thought we ruled the school.
We were no longer freshman,
Hey, we were really cool.

To start off the year,
In moved Molito.
We ordered our rings ....
They were so neat .... o!

Hall decorating flopped,
The ski trip did too.
Give us a break,
We are still kinda new.

But not to worry,
Our spirit will revive.
It's on to Junior Year,
Time to come alive

Gregg is still here,
Erin is too.
Now with Amy and Rob,
There's nothing we can't do.

We won so bodaciously,
With the theme "The Wizard of Oz",
Well, ... that was a horse of
a different color.
We deserved much applause.

The volleyball a-thon ruled,
We volleyed till dawn.
Played Simon Says and Mat-ball,
While we stifled a yawn.

"Up from the Cape"
The Panthers did come.
Some had no clue,
Where we were from.

They went in as underdogs,
The weather was cold.
But that didn't stop us,
The "real" Panthers were bold.

The guys won the bowl,
Oh, we were so proud.
But that's nothing new,
For this ninety One crowd.

What a great day,
But uh so long.
We all joined that night.
Together in song.

And then came the Prom,
Oh, so long awaited.
We danced all night long,
The evening was fated.

"Now we are Seniors."
Still cream of the crop.
The Class of 1991,
Belongs at the top.

We will always be Panthers,
Deep down inside.
We will never lose,
Our true Panther Pride.

We leave Whitman-Hanson,
Better people are we.
The future is bright,
But still hard to see.

Our last days together,
Before departing in sorrow.
Need to be treasured ....
We won't be togehter tomorrow.

Our paths once came together,
They now drift apart.
But not without memories,
And not without heart.

Four long years some would say
Four long years
that slipped away ...
MEMORIES.

This is a gift,
From us to you.
Never forget us,
We will never forget you.

A True Story
"You see?"
she said, pointing her tiny finger.
"You see outside, jen?
It's just not real."
Her little round eyes widened,
"It's just not real outside, jen, is it?"
She spoke with the innocence
of a four-year old
—honesty in her voice.
i could tell she truly believed in
what she was saying.
She was trying to explain
"dreams" to me
(she had just discovered them
the night before)
And
You know, just then, i realized
that that's what life is like to us
as children —
a dream.
Nothing is real,
Unless you can touch it
Unless you can feel it.
And, now, in our senior year —
the dream is coming to an end
and the reality of our lives will soon begin.
"Keep an open mind"
to her, i replied,
"And Dream on, my friend.
Dream on."

THINKING BACK

There we were at W-H; the faces were so new.
Then we had to elect leaders of the Class of '92.
Michelle became Treasurer, and Kerri V.P.,
Mike was President, and Secretary Shan C.
Hall decorating was a success; our spirits were high;
We won "Most Spirited", having the loudest cry.
We spent our first year figuring out what to sell;
We sold sweatshirts and candy; the candy went well.
Our trip to Rocky Point topped off the year;
We were all friends now, and glad to be here.
Ninth grade we left; sophomores we became.
Then there were new freshmen; boy were they lame.
Mike, Michelle, and Shannon returned, leaving only one hole;
Then Buck - the new V.P. - she could play the role.
Once again, we succeeded in decorating our hall;
The class really came together and gave it their all.
Once again, we needed some ways to gain funds;
Wrapping paper was good, but candy was still number one.
Before we knew it, our sophomore year flew by;
Then we held a dance to wish the seniors goodbye.
Our class trip was the only decision left to make;
So then we all headed up to Canobie Lake.
Now we are Juniors, and part of the upper class;
Our high school years are flying by so fast.
We're planning our trip to Florida in May of '92;
So again we're selling candy and having dances too.
We've come a long way, and we've had a lot of fun;
Because we truly believe that our class is Number One.

REACHING OUT

by Danielle Stoltz

We may feel helpless now, we may feel small,
We may feel that in this world we have no control at all.
But maybe three years deeper in our lives,
We can fulfill each special dream for which we strongly strive.

Can we begin to tear down these walls of jealousy and hate,
That shrouded in darkness, only gloomily separate?
Will we learn to forgive, to forget, and to simply be a friend,
To everyone we meet, not just the victor in the end?

Let's try to build a bridge of love that would join all our emotions,
Let's prove we're each unique but have a true devotion.
In this world of grief with its everlasting heartache,
We could create a force, and with this voice, be understood and not mistaken.

Some will gain an insight to another's heart of stone,
Some will only find that light after being desparate and alone.

"I admire Gregg Costantino because he is a good athlete and an outstanding student. He plays football and basketball, is in the top five of his class, and still finds time to be a part of the student gvt."

OUR EXCHANGE STUDENTS

LINDA JOHANSON
KIL, SWEDEN

Home Town. The country of Sweden is long and narrow, similar to the shape of Calif. My home town of *(15,000)* people is located in midwest Sweden. The climate is similar to New England: Winters can be very cold, summer can be very hot.

High School. My high school is totally different from American high schools. Actually it's more like a college campus: We have a very open campus. We don't need hall passes. We may leave whenever we want even if we have a class. It is our own responsibility to attend classes and do well. In general I think students in Sweden are more aware of how important education is. Very few students have jobs because it would interfere with studies. The few who do, work only on weekends.

Courses. We start high school at 16 yrs. old and we go for 3 or 4 years depending on our choice of major. Students declare a major (such as Economics, Technology, Language, Art, etc.) and most of all the courses we take in high school are in that major. The only exception is that everyone has to take Swedish and English. We don't have the same classes every day. Somedays we could get out at noon and other days 2pm.

Extracurricular. We have clubs after school but we don't have any sports. All of our sports teams are organized through the community rather than the schools.

Weekends. We pretty much do the same things American students do. We can't get our license until we turn 18 yrs. old, though.

FRANCISCO "PEPE" PEREZ-CRESPO
SANTA CRUZ DE TENERIFE
CANARY ISLANDS, SPAIN

Home Town. I have always lived in Spain, I live on an island which is really warm all year.

High School I go to a private School where I have no choice of courses. We can take Art, Music, and Gym but we don't have elective courses like Psychology, Foods, or Current Issues. We don't even have courses like Algebra 2 - Trigonometry we just have "Math" every year.

Our school day goes from 9am to 1pm (with a half hour break) and then we go home for 2 and a half hours and come back from 3:30pm to 5:30. We don't have any after school activities, clubs, or sports. We don't eat dinner until 9 or 10pm.

College. In order to go to college, we must pass a test. Only the top grades get to go to college. The scores range from 1 to 10 and colleges may accept you only if you get an 8 or better. We don't choose which college we will attend. If we are fortunate enough to be accepted we automatically go to the local college. If that college doesn't offer a certain field of study we may go to another. College students live at home.

Weekends. I spend time at the beach. I go to discos and clubs because unlike this country, our drinking age is 16 yrs. On the other hand we have to be 18 to drive so hardly any students drive. Most drive mo-peds which we can drive at 14 yrs.

"The desire to play as a team turned a mediocre team into a team of poise, judgement and determination."

Tennis

"The leadership, competitiveness and sportsmanship provided the impetus for this success. — Coach LaPierre"

The 1991 Girls Tennis team completed the season as the most successful team in the school's history; they were the first team to qualify for States. The Boys Tennis team also had a successful year. Although their record was not breathtaking, they worked hard and had fun. A special word of thanks to the seniors who have worked hard since 1988 to achieve their successes.
